

Hidden Gems Film Festival & Calgary Gandhi Society present

A simple God-fearing, devout Muslim mechanic is entrusted the repairs of an old V8 Ford engine. When a powerful bomb rocks his town, leading to the arrest of innocent Muslim youths, a strike is called by prominent leaders of his community to protest the unjust treatment meted out by the police. Will he support the protest and abandon the repairs? Thus begins his journey. A journey of Gandhian values and principles. A journey called "Road To Sangam."
